**Subject:** Testimony for the upcoming Oregon Board of Forestry meeting

The Oregon Board of Forestry is meeting on April 22, 2015. It is during this meeting that the ODF staff will present information and data to the Board that will provide the Board with options on how to shape revisions to the ODF riparian rules. Tony Barber, the OOO Director and executive sponsor for the Region 10 Forestry Team will be testifying on behalf of EPA. I will join Tony.

Attached is a draft of the testimony that Jenny prepared for Tony. It is not too long. We would greatly appreciate your thoughts on it. Based on your input, it will be revised and sent to Tony, Christine and Dan for their input. It would be great if we could get your thoughts by COB on Thursday.

If you have any questions, please feel free to give me a call.

Alan
